Subject: - Sanction of ASPIRE Research Mentorship Grant

Dear Researcher,

‘ASPIRE Research Mentorship Grant’ is an ambitious research funding scheme to identify young research talent in the university departments, colleges and institutions, affiliated to Savitribai Phule Pune University. The aim of providing the seed funding is to inculcate a research culture and to enable them to go forward for major financial assistance from national or international funding agencies.

The research talent is identified through rigorous screening / evaluation process by nationally and internationally renowned experts in the field, from amongst thousands of proposals received.

I am pleased to inform you that your project entitled **To develop an analytical method for quantification of bioactive compounds in the immunomodulatory and immune-booster herbal formulation used in COVID 19 pandemic.** has been provisionally selected for research funding of **Rs.300,000.00** in the **ASPIRE Research Mentorship Scheme.**

As a young researcher receiving this grant, we expect you to carry out your proposed research, in the best possible manner and report to us, periodically, about the outcome, utility and impact of your work. Such a progress report is mandatory at the end of every six months, from the date of issue of this letter. The progress made in the first year will be evaluated by an expert panel, for guidance and evaluation. Needless to mention, that the progress during the first year shall form the basis for continuation of the project for the remaining year.

I specifically draw your attention to the rules and guidelines of the ASPIRE scheme, which are available at the following link -

Please accept our heartiest congratulations to you and the leadership of your institution on such a prestigious selection.

Best Wishes

Dr. Sanjay Dhole

Director,

Internal Quality Assurance Cell (IQAC)

Important:
