

Feedback Analysis of Various Stakeholders and Action Taken Report for the Academic Year: 2023-24

Students' feedback on both teachers and curriculum is collected twice during the academic year: once at the end of each term. Additionally, feedback on the institution is gathered once annually. Teachers provide feedback on the curriculum and the institution at the end of the academic year. Employers and alumni also share their insights on the curriculum during this time. The institute has well-structured online feedback forms, created according to departmental and IQAC guidelines. These forms are distributed via Google forms to students, faculty members, employers, and alumni. The analysis of feedback from all classes reveals student satisfaction with the institution, teachers and the curriculum. Parent feedback is collected during parent meetings. Teachers' feedback emphasizes their satisfaction with the institution and their consideration of suggestions to enhance the teaching-learning process for student development. Meanwhile, feedback from teachers, employers, and alumni regarding the curriculum highlights area for quality improvement. All collected data undergoes careful analysis.

Observations: The following findings are based on feedback from students, teachers, employers, and alumni:

1. **Teachers' Qualities:** Over 80% of students have given positive to excellent remarks about teachers' qualities, including punctuality, completion of syllabus on time, subject knowledge, communication skills, innovative teaching methods, mentoring, and laboratory interaction.
2. **Curriculum Framework:** More than 80% of students expressed satisfaction with the curriculum framework.
3. **Overall College Experience:** Students gave good to excellent remarks on all aspects of the college.
4. **Teacher Feedback:** all teachers provided excellent remarks regarding syllabus objectives, curriculum framework, availability of course content, and knowledge enhancement.
5. **Alumni Feedback:** Over 80% of alumni appreciated the relevance of real-life situations, learning values, industry compatibility, and depth of course content. Additionally, more than 90% of alumni found the syllabus sufficient for analyzing pharmaceutical problems. However 75% alumni felt that the curriculum could be further tailored for placement and higher education.
6. **Employer Feedback:** Employers praised students knowledge relevant to industrial needs, awareness of recent developments, and the balance between theory and application. Around 80% of employers found the curriculum highly relevant for employability.

Action taken report on suggestions given by the students, teachers, alumni and employers are as follows:

Feedback Type	Suggestions	Action taken
Student's Feedback on Curriculum for Odd Term (Total respondents: 164)	Necessary to provide knowledge related to various pharma fields rather than pharma industry.	Knowledge of Pharma field is provided through curriculum itself.
	College should provide some soft skill improving programmes then it is helpful to student.	Soft skill development program for S. Y. B. Pharm. students.
Students Feedback on the Teacher for Odd Term (Total respondents: 162)	-	--
Student's Feedback on Curriculum for Even Term (Total respondents: 136)	Advancement of books as per syllabus.	Librarian is instructed to collect the list of books from the faculty members as per the syllabus and propose the same books for purchase.
	Industrial knowledge should be added	During Practical courses students gain industrial knowledge and skill.
Students Feedback on the Teacher for Even Term (Total respondents: 150)	Provide placement for M. Pharmacy students.	Instructed to TPC coordinator for to take efforts along with HOD's for placement of M. Pharm. students.
Students Feedback on the Institution (Total respondents: 110)	Gym facilities should be allowed to students.	Gym facility is already available for students.
	Placement cell should be active. Job opportunities should be provided as well as provide training sessions and internship facility for the students.	TPC coordinator asked to arrange training sessions for placement of students as well as collaborate with reputed consulting agency for placements.
	Teaching should be based on understanding rather than learning only	Teachers were informed to explore the possibility of making the teaching- learning process more enjoyable.

	Need to improve laboratory equipment.	Equipment Incharge, HOD's and lab Incharges instructed that all laboratory equipments should be kept well working.
	Teaching staff is very good on their stage but system should give their own specialized subject to teach and not other subject so teacher can give their proper knowledge of subject .	Instructed to HOD's and academic Incharge that in association with the Principal they should distribute the academic workload as per the specialization of the staff.
	College should arrange more extra curricular activities.	All extracurricular activities have been organized in the institute.
Teachers Feedback on the Curriculum (Total respondents: 18)	There should be timely updation of the syllabus, to improve course curriculum.	Course curriculum is updated in year 2019.
	Case studies on CDSCO inspection of Pharmaceutical Manufacturing facility should be included in the IP II syllabus.	Letter sent to BOS of Savitribai Phule Pune University.
Teacher's Feedback on Institution (Total respondents: 18) More than 90% faculty members gave good to excellent remarks on all aspects of Institution.	Classroom-3 should have a backup power supply in case electricity is not available.	Instructed the concerned person to fulfil the same.
	All classrooms should have smart board.	In process
Alumni Feedback on Curriculum (Total respondents: 12)	Should increase students interactions with people working in industries as there is difference between academic learning and industrial requirements. It is essential to fulfill the voids between these two most important aspects of every individual's career.	Asked to concerned faculty members to arrange more number of guest lectures of industrial experts of different departments..
Employer's Feedback on Curriculum (Total respondents: 07)	Exposure to the preclinical studies in undergraduates should be more. It is need of future.	As per the curriculum the animal handling is totally banned for UG students and all preclinical experiments conducted using Ex. Pharm software, mandatory by PCI.

Course and syllabus are very good

B pharmacy is very good course

B pharmacy is very good course .this help in medical industry

College was pretty good in staffs and management I like the college

if college provided some extra things related to developing the soft skill then it's it is beneficial to student! it is necessary to providing knowlage related to various pharma filed rather than pharma industry . .

If college provided some soft skill improving programmes then I think it is helpfull to student .
