Report on Best from Waste Competition

Organized on the occasion of Environmental Awareness Week

The College has organized 'Best from Waste' competition on 12th November 2022 on the occasion of Environmental awareness week. The students of B. Pharm and M. Pharm participated in 'Best from Waste' Competition held on 12th November 2022.

The objective of the competition was to create affection for environment by making best out of waste with help of recyclable things. Best out of waste is one such craft which follows environmental friendly principle and at the same time creates useful objects out of waste products. Students used their imagination and creativity to make innovative things.

Students used bangles, plastic bottles, CD etc. All the things which are waste in our day to day life were used in constructive manner and variety of things were made from them. The activity displayed creativity of the students and developed sense of gratitude for environment. Students organize their thought to create such beautiful items.

Principal Dr.R.S.Chavan greeted the guests Dr. B.U. Mane HOD, Department of Botany, Waghire College Saswad and Dr. Neeta Patil, Department of Microbiology, Waghire College Saswad.

All the faculty, supporting staff members and students participated enthusiastically in the program. The program was coordinated by Prof. J. V. Shinde, NSS coordinator under the guidance of Principal Dr. Rajashree Chavan.

Report on Tree Plantation

Event Name: 'Tree Plantation'

Date: 16/12/2022

Venue: Malhar Gadh

Total number of Participants: 95 (NSS Students-50, Diploma Students-25 & Staff-20)

Trees support wildlife and provide homes for birds and other creatures. Additionally, they provide them with food and shield them from the sun, wind, and rain. Human life is not conceivable without plants. For people, animals, and birds alike, trees provide a vital source of food. In light of this, the College has organized Tree Plantation event on December 16, 2022, on occasion of birthday celebration of former central agriculture minister, Padmavibhushan Hon. Sharadchandraji Pawarsaheb.

The tree plantation event has been inaugurated by the auspicious hands of Hon. Principal Dr. R.S. Chavan. In her talk, she highlighted the importance of tree plantation and environmental awareness. She compel everyone to plant and preserve the tree. All the faculty, supporting staff members and students participated enthusiastically in the program.

The program was coordinated by Prof. J. V. Shinde, Mrs.H.S.Patil, and Ms.P.P.Deshmukh under the guidance of Principal Dr. R.S.Chavan.

Report of Best Practice of Institute

Community oriented diseases awareness program is an activity of our institute to provide social platform to our students as upcoming pharmacist, to know the need of society about health and hygiene, what is the actual roll of health professional towards the community. Poor hygiene and improper water, sanitation, and food supply strategies, in addition to inadequate care of wounds and injuries, can create an environment polluted with bacteria and viruses. The pharmacists being healthcare professional can be involved in disease prevention and control in many ways. For example, they can help to develop institutional screening programs to check immunization status and identify undiagnosed medical conditions (e.g., hypertension, diabetes, hyperlipidemia, depression, substance abuse, behavioral health issues). Reducing the spread of diseases, advocating the prudent application of antimicrobial drugs, and educating medical personnel, patients, and the general public are all duties of pharmacist in the society.

Community oriented diseases constitute a considerable proportion of the global burden of morbidity and mortality. Our educational institute is working in the healthcare sector by facilitating pharmaceutical science knowledge for students. So it's our duty to raise awareness about various metabolic disorders and communicable diseases in society.

In the first step of this practice, our institute is taking the initiative for the preparation of MOUs between different members of society who are working on public health and hygiene services. So our institute, Saswad Nagerpalika (the local government body), the Medical Association of Purandhar, and the Rotary Club of Purandhar come together on the same issue and prepare an MOU. According to the MOU, all organizations decided to work together on the same issues to prevent or control various diseases by raising awareness in society. In a meeting of all the parties, it was collectively decided to do a health survey of a few slum areas of Saswad city, and then, according to the obtained data, a group of individuals or families will be treated by medical associations, doctors and to arrange a health checkup camp for society. The society is made aware through street plays during health awareness rally on the occasion of National Pharmacy Week.
